COUNCIL BILL NO. 84-189

SPECIAL ORDINANCE NO. 19947

AN ORDINANCE

VACATING a platted public street located in the 400 block of West Brower between Campbell and Main Avenues.

WHEREAS, petition to vacate a platted public street described below was filed with the City Clerk of the City of Springfield, which petition was referred to the Planning and Zoning Commission for study and recommendation; and

WHEREAS, the required consent of the adjoining property owners has been filed in the office of the Recorder of Deeds for Greene County; and

WHEREAS, proper notices have been given as required by law in accordance with the provisions of the ordinances of the City of Springfield, Missouri; and

WHEREAS, the Planning and Zoning Commission has made its recommendation to the City Council;

NOW, THEREFORE, BE IT ORDAINED BY THE COUNCIL OF THE CITY OF SPRINGFIELD, MISSOURI, as follows:

Section 1 - That all of that certain platted public street in the City of Springfield Missouri, described as follows:

Beginning at the Southwest Corner of Lot 15 of Joseph Gotts Addition to the City of Springfield, Missouri; thence South approximately 40 feet to the northwest corner of Lot 11 of Clarkson and Hines Addition; thence East along the existing south right-of-way line of Brower Street to the Southwest Corner of Campbell Avenue and Brower Street (said point being approximately 40 feet south of the Southeast Corner of Lot 4 of Joseph Gotts Addition); thence North approximately 40 feet to the Southeast Corner of Lot 4 of Joseph Gotts Addition; thence West along the north right-of-way line of Brower

400 W. BROWER

Street to the point of beginning, all in Springfield, Greene County, Missouri.

(Location: 400 block West Brower between Campbell and Main Avenues)

be and the same is hereby vacated upon compliance with those conditions set forth in Section 3 of this ordinance.

Section 2 - All of that portion of the above vacated property shall be subject to a perpetual easement to the City of Springfield for the construction, maintenance, repair, relocation and operation of sanitary sewers, telephone poles, lines and appurtenances, and gas, water and electric lines, pipes, poles and appurtenances and no permanent building or structure shall be located within or upon said easement without the prior written consent of the General Manager of City Utilities of the City of Springfield and the Director of Public Works of the City, and that a fence and gate be constructed at both ends of the vacated street with signs marking the vacated street as private property.

Section 3 - This ordinance shall not become effective until a deed for the easement in Section 2 of this ordinance is tendered to the City and said deed is approved as to form and content by the City Attorney, which approval shall be filed in writing with the City Clerk. The City Attorney is authorized to cause said deed to be accepted for and on behalf of the City by causing the deed to be recorded upon conditions in this section being satisfied.

SUPPLEMENTAL EXPLANATION OF COUNCIL BILL NO. 84-189

ORIGINATING DEPARTMENT: Planning

PURPOSE: This is Vacation No. 404, the request of F.D. Partners, to vacate a platted public street located in the 400 block of West Brower Street between Campbell and Main Avenues in the City of Springfield, Greene County, Missouri.

REMARKS: This bill received first reading on May 14, 1984, to expedite administrative procedures and reduce processing time.

COMMISSION ACTION:

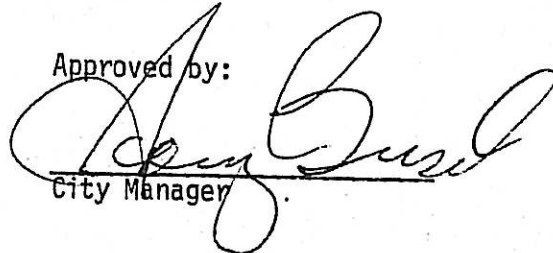

A public hearing was held by the Planning and Zoning Commission on May 10, 1984, at which time the vacation was approved subject to the conditions that the entire street be retained as a permanent utilities easement, and that easement recorded with the Greene County Recorder's Office, with no permanent structures erected thereon without prior written approval of the Director of Public Works, City Utilities and Southwestern Bell Telephone Company and that a fence and gate be constructed at both ends of the vacated street with signs marking the vacated street as "Private Property".

A substitute bill has been introduced in order to reflect the recommendation of the Commission with respect to the fence and gate construction.

Submitted by:

Director of Planning

Approved by:

City Manager

SUPPLEMENTAL PLANNING DEPARTMENT STAFF REPORT

TO THE

PLANNING AND ZONING COMMISSION

DATE: May 9, 1984

VACATION NO. 404

PURPOSE: To amend the Staff Report for Vacation No. 404 dated April 30, 1984

STAFF COMMENTS:

The Public Works Department is concerned with the motorist's safety should this street be vacated and there not be any permanent closure, per City Utilities' request. Public Works requests that a fence and gate be constructed at both the Main Avenue and Campbell Avenue ends of Brower Street should it be vacated. In addition, signs designating the vacated street as "Private Property" should be placed on the fences and gates in such a manner that the traveling public will see the physical change in the street and so they will realize that they are entering private property.

PLANNING STAFF RECOMMENDATION:

That the Planning Staff Recommendation on the Staff Report for Vacation No. 404, dated April 30, 1984, be changed to read:

"The request be approved subject to the conditions that the entire street be retained as a permanent utilities easement, and that easement recorded with the Greene County Recorder's Office, with no permanent structures erected thereon without prior written approval of the Director of Public Works, City Utilities and Southwestern Bell Telephone Company and that a fence and gate be constructed at both ends of the vacated street with signs marking the vacated street as "Private Property".

EXPLANATION TO COUNCIL BILL NO. 84-

ORIGINATING DEPARTMENT: Planning

PURPOSE: This is Vacation No. 404, the request of F. D. Partners, to vacate the following described platted public street:

Beginning at the Southwest Corner of Lot 15 of Joseph Gotts Addition to the City of Springfield, Missouri; thence south approximately 40 feet to the northwest corner of Lot 11 of Clarkson and Hines Addition; thence East along the existing south right of way line of Brower Street to the Southwest Corner of Campbell Avenue and Brower Street (said point being approximately 40 feet south of the Southeast Corner of Lot 4 of Joseph Gotts Addition); thence north approximately 40 feet to the Southeast Corner of Lot 4 of Joseph Gotts Addition; thence West along the north right of way line of Brower Street to the point of beginning, all in Springfield, Greene County, Missouri.

(Location: 400 block West Brower between Campbell and Main Avenues)

This bill is being submitted for first reading to expedite administrative procedures and to reduce processing time.

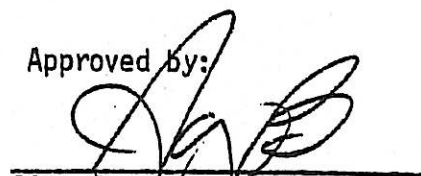

This item will be considered by the Planning and Zoning Commission at their meeting on May 10, 1984, with a Planning Department staff recommendation that the vacation be approved subject to the retention of the street as a permanent utilities easement and subject to no permanent closure of Brower Street to allow City Utilities access to a high voltage electric line.

Attached for Council information is a location sketch of the area and the Planning Department Staff Report to the Planning and Zoning Commission.

PLANNING DEPARTMENT STAFF REPORT
TO THE
PLANNING AND ZONING COMMISSION

DATE: April 30, 1984

VACATION NO. 404

APPLICANT: F. D. Partners

LOCATION: Brower Street between Main and Campbell Avenues

DESCRIPTION: A 40 foot wide public street (Brower Street) approximately 590 feet long between Main and Campbell Avenue

STAFF COMMENTS:

1. The applicant's petition to vacate indicates that all the land adjacent to Brower Street between Main and Campbell Avenues is under their ownership. The petition further states that the applicant plans to expand their operation on recently acquired tracts at the southwest corner of Brower and Campbell Avenue. The applicant presently has an application (Zoning Case No. 1466) to rezone these tracts from C-3 to M-1. These two cases will both be heard by the Planning Commission at the same time.
2. The applicant previously petitioned to vacate 389.5' of Brower Street east of Main Avenue in 1975 (Vacation No. 281). This petition was denied by Council after a negative recommendation by the Planning staff and the Commission. The reason given was due to Public Works negative recommendation to vacate until Chestnut Expressway was improved and the resulting function of Brower Street was determined. They further recommended against vacating only a portion of Brower Street. Recent communication from the Public Works Department indicates they no longer recommend that Brower remain open.
3. Due to the sanitary sewer, electric, gas, water and telephone lines in Brower Street, the full 40' right-of-way should be retained as a permanent utilities easement. City Utilities has also requested that a physical closure not be permitted which would prohibit access to the high voltage electric line.

PLANNING STAFF RECOMMENDATION:

The request be approved subject to the conditions that the entire street be retained as a permanent utilities easement, and that easement

400 W. Brower

Vacation No. 404

Page Two

recorded with the Greene County Recorder's Office, with no permanent structures erected thereon without prior written approval of the Director of Public Works, City Utilities and Southwestern Bell Telephone Company and that a permanent closure across the street not be permitted without prior written approval of City Utilities.

COUNCIL BILL NO. 84-190

SPECIAL ORDINANCE NO. 19951

AN ORDINANCE

VACATING a public alley located south of the 400 block of West Brower Street.

WHEREAS, petition to vacate a public alley described below was filed with the City Clerk of the City of Springfield, which petition was referred to the Planning and Zoning Commission for study and recommendation; and

WHEREAS, the required consent of the adjoining property owners has been filed in the office of the Recorder of Deeds for Greene County; and

WHEREAS, proper notices have been given as required by law in accordance with the provisions of the ordinances of the City of Springfield, Missouri; and

WHEREAS, the Planning and Zoning Commission has made its recommendation to the City Council;

NOW, THEREFORE, BE IT ORDAINED BY THE COUNCIL OF THE CITY OF SPRINGFIELD, MISSOURI, as follows:

Section 1 - That all of that certain public alley in the City of Springfield Missouri, described as follows:

Beginning at a point 68.5 feet east of the NE corner of Lot 4 of Clarkson and Hines Addition; thence South to a point on the north right-of-way line of Chestnut Street Trafficway; thence east along the north right-of-way of Chestnut Street Trafficway a distance of 12 feet; thence north to a point on the south right-of-way line of existing Brower Street; thence West along the South right-of-way of Brower Street, a distance of 12 feet to the point of beginning. All in Springfield, Greene County, Missouri.

(Location: South of the 400 block of West Brower Street)

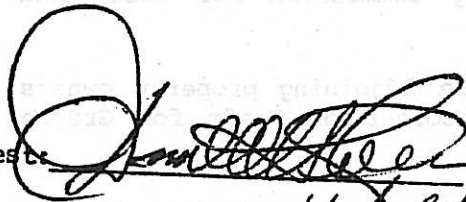

400 W. Brower

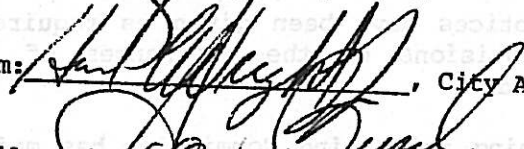

be and the same is hereby vacated upon compliance with those conditions set forth in Section 3 of this ordinance.

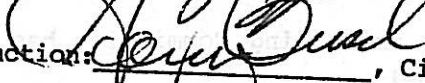

Section 2 - That the north 25 feet of the above vacated property shall be subject to a perpetual easement or right-of-way to the City of Springfield for the construction, maintenance, repair, relocation and operation of sanitary sewers, telephone poles, lines and appurtenances, and gas, water and electric lines, pipes, poles and appurtenances and no permanent building or structure shall be located within or upon said easement without the prior written consent of the General Manager of City Utilities of the City of Springfield and the Director of Public Works of the City.

Section 3 - This ordinance shall not become effective until a deed for the easement in Section 2 of this ordinance is tendered to the City and said deed is approved as to form and content by the City Attorney, which approval shall be filed in writing with the City Clerk. The City Attorney is authorized to cause said deed to be accepted for and on behalf of the City by causing the deed to be recorded upon conditions in this section being satisfied.

Date: April 30, 1984

EXPLANATION TO COUNCIL BILL NO. 84-

ORIGINATING DEPARTMENT: Planning

PURPOSE: This is Vacation No. 405, the request of F.D. Partners to vacate the following described alley:

Beginning at a point 68.5 feet east of the NE corner of Lot 4 of Clarkson and Hines Addition; thence South to a point on the north right-of-way line of Chestnut Street Trafficway; thence east along the north right-of-way of Chestnut Street Trafficway a distance of 12 feet; thence north to a point on the south right-of-way line of existing Brower Street; thence West along the South right-of-way of Brower Street, a distance of 12 feet to the point of beginning. All in Springfield, Greene County, Missouri.

(Location: South of the 400 block of West Brower Street)

This bill is being submitted for first reading to expedite administrative procedures and to reduce processing time.

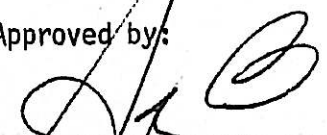

This item will be considered by the Planning and Zoning Commission at their meeting on May 10, 1984, with a Planning Department staff recommendation that the vacation be approved subject to the north 25 feet of the alley being retained as a permanent utilities easement.

DATE: April 30, 1984

VACATION NO. 405

APPLICANT: F. D. Partners

LOCATION: South of the 400 block of West Brower Street--225 feet west
of Campbell Avenue

DESCRIPTION: A 12' wide alley approximately 129 feet long

STAFF COMMENTS:

1. This alley is on a metes and bounds described property. Although public records do not indicate this as a public alley, the applicant believes there is some doubt and he wishes to have the alley vacated to avoid any future conflict with the expansion of his business.
2. The petition to vacate states that the applicant owns 100% of the land fronting this alley.
3. The applicant wishes to have this alley vacated, along with Brower Street between Main and Campbell Avenues (Vacation No. 404), so that he may expand his business.
4. The alley is open at Brower Street but not at Chestnut Expressway.
5. City Utilities has requested that the north 25' of this alley be retained as a utility easement.

PLANNING STAFF RECOMMENDATION:

The request to vacate be approved subject to the condition that the north 25 feet of the alley be retained as a permanent utilities easement, and that easement recorded with the Greene County Recorder's Office, with no permanent structures erected thereon without prior written approval of City Utilities
